

**भारतीय प्रौद्योगिकी संस्थान खड़गपुर**  
**INDIAN INSTITUTE OF TECHNOLOGY KHARAGPUR**

## About The Department

Vinod Gupta School of Management (VGSOM) was set up as the first school of management within the IIT system in 1993, with the help of a distinguished alumnus & a life time Fellow of the Institute, Mr. Vinod Gupta (B. Tech. 1967), the former CEO and Chairman of InfoGROUP (previously known as InfoUSA) whose generous endowment of 2 Million US Dollars was matched by liberal support from the Government of India. The mission of the school is to develop outstanding management professionals capable of playing leadership roles in their chosen careers in organizations in different sectors of the economy, especially in technology-driven and knowledge based industries that are characterized by high degrees of globalization, dynamism, complexity and innovativeness. The school offers a Doctoral programme in management (PhD) and an MBA programme for working executives over weekends in Kolkata and Bhubaneswar. The school also regularly organizes guest lectures, Management Development Programmes (MDPs) and training programs for educators in India and abroad. The school also offers a unique need-based scholarship to its students with the sole aim to ensure access of deserving students to world class management training. Highly qualified faculty with outstanding academic credentials and diverse industrial/consultancy experience associate with colleagues in India and abroad to provide the best possible learning environment to our students. Faculty also contribute to the knowledge base through their research and consultancy projects with their partners in the industry and academics. Now, more than two decades after its inception, the school has grown holistically, winning several accolades and setting up new benchmarks for excellence. As a part of the world renowned IIT Kharagpur system, the school enjoys access to state of the art infrastructure, one of the most well equipped libraries in the country, and a very large, well established network of alumni. Please visit our beautiful campus and meet us to know more. You are also welcome to contact us at +91.3222.282297 for more information.

## Executive MBA

Recognizing this need, over the years VGSoM moved beyond the sphere of the regular MBA programme. In 2010, the school initiated a unique 3 year programme (spread over 12 trimesters) for working executives, termed aptly as the Executive MBA Program or EMBA. This program is conducted in the IIT Kharagpur campus in Kolkata. Students enrolled in this programme earn the degree of Master of Business Administration from IIT Kharagpur.

The 3 Years EMBA programme enables working executives to upgrade their managerial knowledge and skills while continuing to be employed. This rigorous programme is conducted through regular classes on weekends for the first two years and in company hands on project work for three terms in the third year. The programme consists of a compulsory set of core subjects and a variety of elective subjects just as in the case of a regular MBA program. The participants bring in their wide experiences into the classroom and work on regular individual and group projects. The total quantum of work required to earn the EMBA degree through VGSoM is 95 credits. Throughout the programme, the participants practice the concepts learnt in classrooms at their workplace. This parallel learning and implementation process forms the basis of this programme.

### Who is the EMBA Programme designed for?

The executive MBA programme at VGSoM is especially designed for senior and mid-career executives to facilitate their progression in their chosen careers. The programme is aimed at transforming executives into better managers, emphasizing teamwork, and cross-cultural collaboration along with leadership and adaptability. The special feature of this program is that unlike traditional MBA students, students in the Executive MBA programme work full time while earning their degrees.

While our students come from diverse backgrounds, they all share the desire to:

- Fast-track their career
- Enhance their management skills
- Develop personally and professionally

Our Executive MBA students bring a breadth of experience and a multitude of perspectives to the classroom. Connecting with people from different backgrounds, cultures and industries allows them to benefit from unrivaled networking opportunities and exposure to a broad

range of business perspectives. The benefits of this ambitious schedule are clear - Students enrolled in the Executive MBA programme do not have to wait until graduation to test classroom strategies on the job. They can start on Monday morning!

## Benefits and impact on your career

VGSOM's Executive MBA sets you apart and gives you a genuine edge. Whether your goal is to progress within your organization, take on new or global responsibilities, or pursue an entrepreneurial route, the programme will give you the knowledge, insights and confidence to operate successfully anywhere in the world.

## How will this programme benefit you?

Studying while you remain in full-time employment enables you to improve your workplace performance from day one as you apply each new classroom concept with direct relevance to you and your organization. The practical business expertise and the new ways of management thinking that you develop at the School change your approach to decision making and give you the ideas, inspiration and contacts to shape your future career.

You are able to move up in your career quickly and with confidence.

You can successfully make the transition to general management from a technical or functional role.

The elective portfolio allows you to specialize in certain subject areas or gain breadth across a range of business and management disciplines.

You gain entrepreneurial skills to help you develop your own venture, or to implement new and innovative ideas within your organization.

You are able to build a strong network of personal and professional contacts.

## Career Impact

While still in the programme, many Executive MBA students experience increased levels of responsibility and seniority within their roles, but career advancement does not stop there. The skills learnt in the programme give you

- our graduates, the ability to change career paths, start a new venture or get promoted within their own organizations. Equipped with a new global outlook, the possibilities are endless in continuing your career trajectory. Also as a part of this programme, you continue to benefit from the School's reputation, recognition and global networks well beyond your time in the programme.
